WELCOME NEW CHAMBER MEMBERS!

Pups Unleashed Nicole and Jordan opened Pups Unleashed in Stoughton after going through the process of changing the city ordinance about onsite dog care. From their website: There are many benefits for bringing your pup to daycare. Instead of being home alone all day, your pup will have lots of fun playing and getting some great exercise! This helps your pup's overall health and allows your pup to burn off any P & V. Pups Unleashed is a great place for your pup to make new friends and socialize with other dogs, too. A tired pup is a good pup!

RSM RSM US LLP is a limited liability partnership and the U.S. member firm of RSM International, a global network of independent audit, tax and consulting firms. RSM US LLP traces its history to 1926, when Ira B. McGladrey started his own accounting firm in Cedar Rapids, Iowa. In 2015, McGladrey changed its name to RSM US LLP and united with fellow firms in the RSM International network under the brand RSM. The firm is proud of its heritage and its original concept of service, predicated upon the personal attention of partners to the needs of their clients, will remain unchanged as they continue their quest to take the middle market to the global market.
